

"I joined in 1997 on a year long industrial placement. On completion of my civil engineering degree, I returned in 1999 & have been here ever since. I started as a Site Engineer and have risen to Director. I have thoroughly enjoyed working within this industry and taking on the challenges it throws up."

Mike
Director

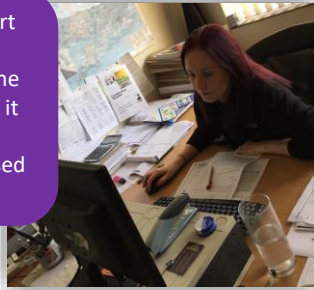

"In 2007 I joined the company as a support services coordinator dealing with QESH Admin. I completed a NEBOSH Certificate in 2014 and was promoted to QESH Advisor. In 2016 I became QESH Manager and undertook a NVQ Level 5 in Occupational H&S Practice."

Dianne
QESH Manager

CHC

"I joined the company as a part time receptionist. When an opportunity came up to join the purchasing department I took it and after two years as a Purchasing Assistant I progressed to Purchasing Manager"

Jade
Purchasing Manager

"In 2016, while studying civil engineering at the University of Coventry, I started a work placement in industry at CHC. After graduating I returned full time. CHC has given me many opportunities and allowed me to learn so much through my placement and now as a qualified engineer"

Reece
Site Engineer
