

Professional Accounting/ Taxation Technician

Professional accounting/taxation technician apprentices work as an accountant or bookkeeper for an accounting practice, business, organisation or HMRC.

What are the benefits of apprenticeships?

Learn new practical skills and gain experience, whilst developing your accounting knowledge

Achieve a recognised qualification

Support your team to meet organisational objectives and meet clients' needs

Improve your communication skills and build relationships with clients

Earn a good salary and avoid university debt

How do we help you get the most out of your apprenticeship?

Our People: With a 40 year history, we have an experienced team of coaches, technical specialists and account managers who are there to guide, challenge and support you, to not just achieve the qualification, but to have an impact on your career now and in the future.

Our Processes: After your enrolment and launch, you will be guided through carefully planned, manageable chunks of learning with one-to-one and group interaction, and additional support to prepare for your end-point assessment.

Our Systems: All of our systems are easily accessible and engaging, including OneFile to manage tasks, Profiler to help you and your employer identify further areas for improvement, Damar OpenLearning for lots of interactive learning resources and our Forums, for apprentices on the same qualification to build networks and support each other.

"An apprenticeship is the ideal way to get a proper qualification and earn money. It's structured learning, you have a coach to help you progress and there are lots of resources provided."

- Ethics and integrity
- Proactivity
- Professional scepticism

Induction and Launch
1-4 weeks

On Programme
60 weeks

Gateway
4-8 weeks

End-Point
Assessment

How is the apprenticeship delivered?

Delivery is a blend of:

- Diverse and engaging online resources to support the development of knowledge, behaviours and skills
- Group coaching and subject specialist sessions / workshops
- Review meetings with the apprentice, line manager and dedicated Damar coach

Functional skills are an important part of all apprenticeships and apprentices who don't already have maths and English at level 2 or above will undertake functional skill qualifications in these areas.

Specialist content:

In addition to the apprenticeship, apprentices will achieve the AAT Level 4 Professional Diploma, including these exams:

- Business Tax
- Personal Tax
- Financial Statements of Limited Companies
- Management Accounting: Budgeting
- Management Accounting: Decision and Control
- Professional Synoptic

The AAT end-point assessment includes:

- Three hour synoptic text
- Portfolio of evidence produced in the workplace and a structured interview to examine this evidence and the learner journey in more detail

What is the commitment?

Apprentices need to spend a minimum of 20% of their working week on the apprenticeship.

Who is eligible?

Apprenticeships are generally available for new or existing employees of all ages, including graduates, who need to develop their skills, knowledge and behaviours.

How could I progress?

Apprentices go on to take on more responsibility and more complex clients. Successful completion of the AAT Professional Diploma also gives exemptions from units within many ACCA, ICAEW, CIMA, ICAS and CIPFA qualifications.
